PAPER SIZES & PRINTED AREAS

- The prints come with an extra inch per side to the indicated measurement
- Some of the photographs are quite different from these examples.
Check out the details below each picture to know the exact sizes.
- This project is created like the best ultra-fast cameras on the market, even so you have less resolution than a normal cinema camera, when approaching the print do not expect to find fine detail.

DETAILS

All the pictures are send rolled in a tube.
I recommend that the prints be handled directly by the framer.

Prints printed on Hahnemuhle Certified Laboratory.
on Hahnemuhle Fine Art Pearl 285 gr/m² paper.

All the prints are authenticity certificated and signed and numbered on the back.

For the optimal conservation of the print, I recommend to frame the print with glass
and keep it away from direct sun or high levels of humidity.

Prints are under commodity code 4911 91 00 90
Some countries like EU or the US are duty free for photographic prints.
Other like UK, Canada or Australia you will be asked to pay customs taxes.

These images are copyright Xavi Bou and the reproduction isn't permitted
without the express permission of the artist.

If you need any extra information or any question related, please,
feel free to write me an email, I will be happy to solve any matter.
